

ANY GNAHIET

Systems & Network Technician

 any.gouba@gmail.com  +33 7 66 79 27 58  Épinay-sur-Seine, France  anygnahiet.dev

PROFILE

Technician focused on **systems and networking**, with a development background and now oriented toward infrastructure. Hands-on experience in user support, workstation deployment, **Linux** server administration (hardened Debian in personal production) and **Docker** containerisation. Skilled in routing, firewall, VPN and network services (DNS/DHCP). Currently preparing the **LFCS** certification (Linux Foundation Certified System Administrator).

PROFESSIONAL EXPERIENCE

IT Support Technician — Internship (1 month)

Moneyglobe · Épinay-sur-Seine · March 2026

- Deployment of operating systems (Windows / Linux) on user workstations
- Diagnosis and resolution of hardware and software issues
- User support and assistance (level 1 / level 2)
- Hardware modifications and upgrades (RAM, storage, peripherals)

React Native CLI Developer — Internship (2 months)

Artem5 · May – July 2026

- Cross-platform mobile app development (iOS & Android)
- Feature integration and connection to back-end services via RESTful APIs
- Bug fixing, performance optimisation and multi-device testing
- Collaborative workflow (Git / GitHub, code reviews)

Stack: React Native CLI, TypeScript, Socket.IO / WebSocket, MongoDB

Web & Mobile Developer — Internship (3 months)

HDMNetwork · 2024 – 2025

- Development and maintenance of web and mobile features
- User interface (UI) design following UX best practices
- Testing, bug fixing and application performance improvements

Operating systems

Windows 7 / 10 / 11 · Linux (Debian, Fedora, Arch Linux)

Networking

Routing · Firewall · VPN · RDP · DHCP · DNS · VLAN · NAT · SSH · Cisco

Virtualisation

VMware · VirtualBox · Docker

DevOps & tools

Git / GitHub · Caddy (reverse proxy) · Tailscale · Cloudflare Tunnel · rsync

Development (bonus)

Java / Spring Boot · React / React Native · REST API · SQL (MySQL)

EDUCATION

Bachelor's degree — Information Systems & Data Management

CNAM · 2024 – 2025

Application Designer-Developer

GRETA Massy · 2022 – 2023

Web & Mobile Developer

Philiance Formation · 2021 – 2022

Cybersecurity Training

OpenClassrooms · 2020 – 2021

Technical Diploma — Physics for Industry & Lab

Lycée Jean Perrin · 2017 – 2019

STL Baccalaureate — Physics & Lab Sciences

Lycée Galilée, Gennevilliers · 2017

CERTIFICATION IN PROGRESS

LFCS — Linux Foundation Certified System Administrator

Currently studying

LANGUAGES

French — Native

English — Intermediate (B1)

Japanese — Beginner (A1)

SOFT SKILLS

Team player · Self-driven · Adaptable · Problem-solver

INTERESTS

DIY & tech tinkering · Gaming · Guitar (amateur) · Science-fiction
